

Type AS-DP550TM-1

Robust pallet truck scale with high-performance rechargeable battery, CE-M approved

✓ Features:

- **Approved pallet truck scale** (conformity assessed) for industrial applications, certified for indoor use
- **Installation height only 85mm**
- special construction of the forks to avoid shear forces
- Guide wheels made of rubber and tandem load wheels made of polyurethane
- High-performance rechargeable battery
- Display unit in protective frame
- **Assembly, adjustment and conformity assessment included**

✓ Technical data:

- **52 mm high LCD display** with configurable backlight (on, off or auto)
- Programmable power shut-off
- Front keypad with seven buttons
- Tare function up to 100% of the weighing range
- Battery status display
- Low entry height of just 85 mm
- Various weight units can be selected: kg / g
- Parts counting and totalising function, weight control
- Weighing range: 2,000 kg
- **Readability/verification interval: 1 kg**
- Battery 6 V/4 Ah
- Battery capacity approx. 20 / 40 h (with / without backlight)
- Fork dimensions: 1,160x550x85 mm

✓ Options:

- Factory test certificate or DAkkS calibration certificate

Code	Weighing range (kg)	Readability (kg)	Verification interval (kg)
AS-DP550TM-1	2,000	1	1

Options

Description
Factory test certificate for weighing scale pallet trucks AS-DP550T1-1 and AS-DP550TM-1
DAkkS calibration certificate for pallet truck scale AS-DP550T-1 and AS-DP550TM-1

Dimensions - mm
